CONSENT FORM
Services

I will need to collect and record relevant personal information as part of the service I provide to you. You do not have to provide all of your personal information, however, withholding relevant or important information may affect the quality of the service provided to you. The information is retained to assist with appropriate assessment and treatment/rehabilitation guidelines. You are entitled to access the information if you require it, with a few exceptions covered by the relevant legislation, the primary exceptions outlined below:

1. It is subpoenaed by a Court; or
2. Failure to disclose the information would place you, or another person at imminent risk or;
3. Your prior approval has been obtained to:
   a. Provide a written report to another profession or agency, (eg GP, Lawyer, Carer), or
   b. Discuss with another person, (eg family memory, employer, etc).
   c. If the disclosure is otherwise required by law.

Fee Structure

Clinical Neuropsychology Services

Initial appointment (60 mins) Australian Psychological Society (APS) Item No. IOX (*negotiated from recommended rate $251 p/h)	$195.00 p/h
Assessment sessions (average 240 mins) APS Item No. NAX (*neg from RR $236 p/h)	$195.00 p/h **$780.00 (average)***
Comprehensive report APS Item No. ROX (*neg from RR $236 p/h)	$195.00 p/h **$1950.00 (average)** **
Neuropsychology Feedback/Therapy sessions (60 mins) – optional APS Item No. SOX (*neg RR $251 p/h)	$195.00 p/h
Travel time (when required to travel to client)	$50-$140.00 p/h*** (depending on time travelled)

*This amount is based on the average length of an assessment. *The assessment is usually conducted in some separate shorter sessions but can be completed in one longer session*. Also, the amount and extent of assessment sessions required may vary from this depending on the individual, with some people requiring less time for assessment and some people requiring more, which would impact on the end cost.

**The comprehensive report may vary in length, requiring either less or more time to prepare, which would impact on the end cost.

Jennifer McNeill MAPS MCCN
Consultant Clinical Neuropsychologist

***Travel to client when necessary amount varies depending on the length of time required to travel.

Please note that there is no Medicare rebate available for the neuropsychology assessment, however, I am registered to provide neuropsychological assessments for clients funded by Medicare for the DVA, and those funded by the TAC and WorkCover, provided they have the appropriate referral financial approval. Also, depending on the nature of the difficulty, some funding for other clients may be accessible through various community organisations, however, this would need to sourced individually by the client.

General Psychology Services

- Focused Psychological Therapy or Counselling session (60 mins) $195.00 p/h*
  Australian Psychological Society (APS Item No. SOX* negotiated from recommended rate $251 p/h)

- Health Care Card holders $145.00 p/h*

*A Medicare rebate of approximately $84.80 is available for counselling sessions, if a valid referral is provided by a GP or medical specialist. Please note there will be a gap. Out of pocket fee is around $110.20, or $60.20 for health care card holders.

Cancellation Policy

I understand that for focused psychological sessions a fee of 50% will be charged for my appointment If I cancel with less than 24 hours' notice and there is no Medicare rebate available for cancelled appointments. For cancelled neuropsychological sessions, if I cancel with less than one week's prior notice the full fee for the assessment session will be charged with additional cost charged for any time that may have been allocated for travel to the client if applicable.

I, _____

Have read and understand this consent form, I agree to these conditions. I also agree to Jennifer McNeill and the relevant medical professionals involved in my care in the past and present to share information directly relevant to my assessment/treatment where appropriate.
